#### APPROVAL OF MINUTES OF THE TECHNOLOGY COMMITTEE MEETING HELD ON December 19, 2024

moved and seconded the motion to approve the minutes of the Technology Committee meeting held on **Thursday**, **December 19, 2024**.

Upon roll call, the vote was as follows:

ROLL CALL:	<u>YEA</u>	<u>NAY</u>	<u>ABSTAIN</u>
James Rossler			
Frank Weglarz			
Daniel Wilson			
Matthew King			

## Agenda

- Approval of Prior Meeting Minutes
- Opening Remarks
- **Executive Session** pursuant to R.C. 121.22(G)(6) to discuss a security matter
- Risk Management Q3 Highlights
- Information Technology Q3 Highlights
- Questions/Future Topics
- Supplemental Materials
  - Technology Roadmap Financial Tracking
  - Information Security Metrics
  - Linea Identity Verification Practice Assessment Final Report (confidential)
  - NASRA Fraud Training Survey Results (confidential)
  - Project Manager IT Development Job Description (draft)

#### **EXECUTIVE SESSION**

\_\_\_\_\_ moved and \_\_\_\_\_\_ seconded the motion that the Technology Committee convene in Executive Session pursuant to R.C. 121.22(G)(6) to discuss a security matter.

Upon roll call, the vote was as follows:

<u>ROLL CALL:</u> James Rossler	YEA	<u>NAY</u>	<u>ABSTAIN</u>
Frank Weglarz			
Daniel Wilson			
Matthew King		<u> </u>	

IN EXECUTIVE SESSION AT \_\_\_\_\_\_ A.M./P.M.

RETURN TO OPEN SESSION AT \_\_\_\_\_\_A.M. / P.M.

# **Risk Management** Q3 Highlights

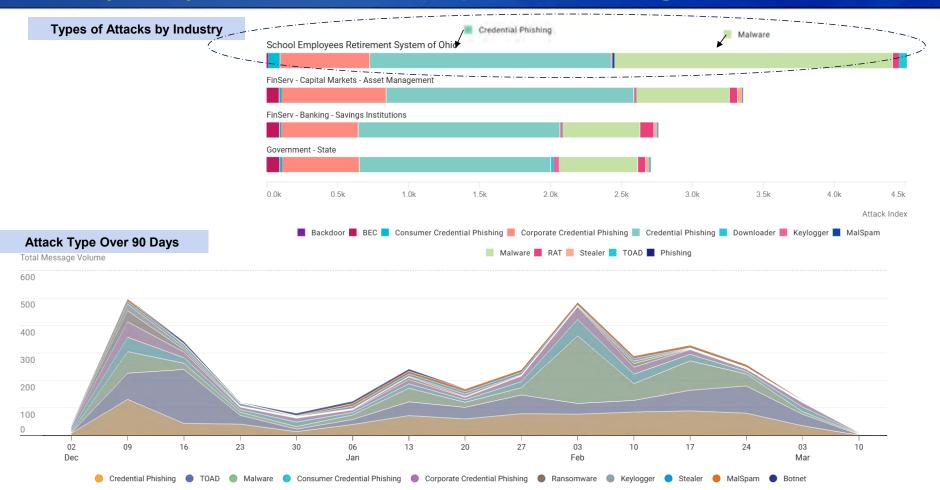

# FY2025 Q3 Highlights – Risk Management

- Over 59 million analyzed observations using tools and with help from our service provider Arctic Wolf
- Email Threat Intelligence Metrics monitored (metric included in supplemental material)
- Proof-of-concept projects underway for data loss prevention, data security, and posture management
- Working with Department of Homeland Security to onboard with their 'Internet Scanning-As-A-Service'
- Vulnerability Management
- Micro-segmentation project underway

## **Metrics: Targeted Attacks**

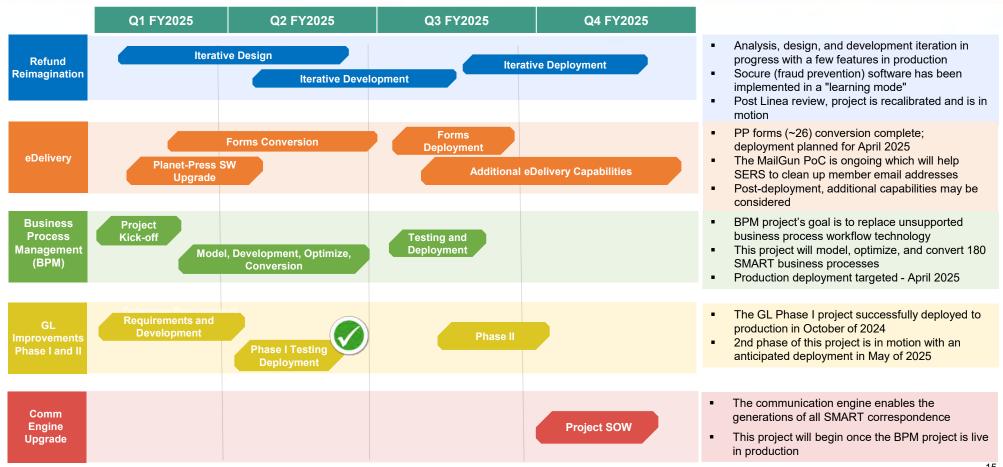

Attacks by Industry Show SERS Ranks Above Capital Markets, Banking and State Government

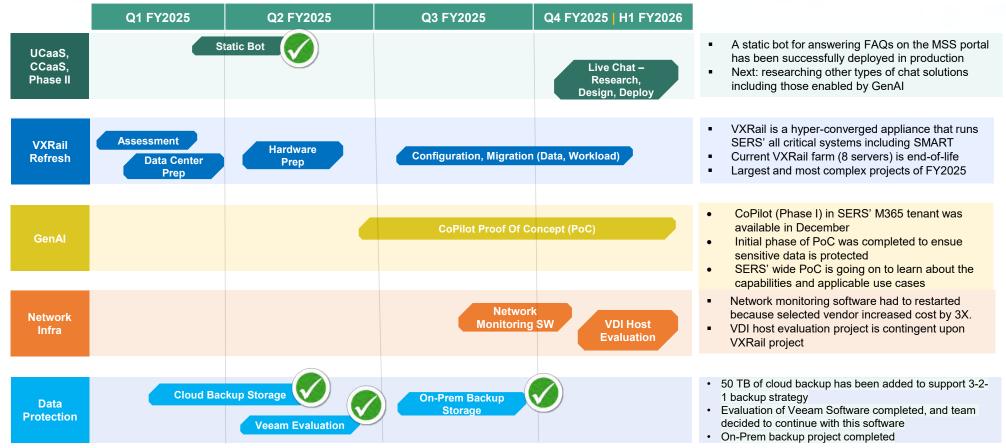

# Information Technology Q3 Highlights

# Technology Roadmap (TRM) - FY2025 SMART Projects

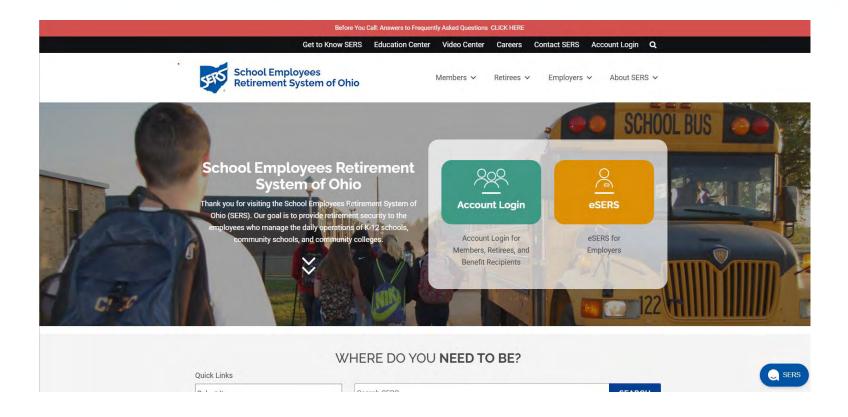

<sup>15</sup> 

## **TRM – FY2025 Infrastructure Projects**

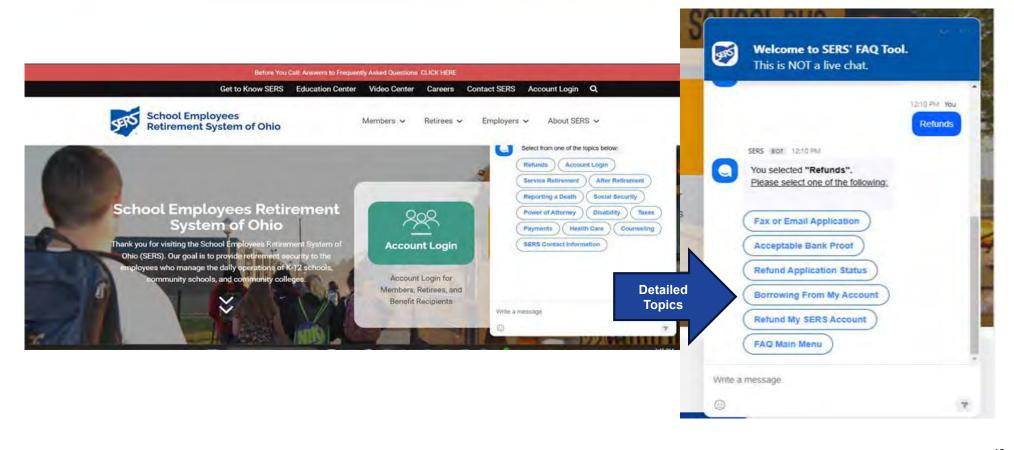

16

# Static Member Self Service Portal (MSS) Web Chat

## **Static Member Self Service Portal (MSS) Web Chat**

# **Sagitec Support Agreement Linea Assessment**

## **SMART Support Contract Expiration**

 Sagitec Support and Maintenance (S&M) five-year contract for SMART is scheduled to expire on July 30, 2025. This contract includes product support, upgrades to the Neospin framework software, and ongoing security enhancements. The monthly cost for this service is \$35,000.

## **Assessment Objectives**

- Enlisted Linea Solutions to evaluate the best SMART support model moving forward. Their SOW includes:
  - Review of current S&M contract and how it compares to other Sagitec pension clients
  - Guiding SERS on how to best utilize SERS' IT resources and Sagitec for ongoing SMART support
  - Conducting an environmental scan of Sagitec's clients to understand their support models
  - Comparison of Sagitec's support with other vendors
  - Identifying best practices for the duration, components, and pricing of a renewed contract
  - Linea's consulting fees are not to exceed \$40,000.

## **Current Status**

- Project kicked off on July 30, 2024
- · Meetings with four Sagitec clients were held
  - Several of these clients follow a support model like ours
  - Our cost structure is within the strike zone
- A draft report was provided, reviewed, and being finalized
- Project is well within the budget.

# Information Technology – Requested Position Project Manager - Development

Our development team includes IT Business Application Services who maintain and develop code for SMART and IT Services who interact with all departments to understand and document business requirements, quality control, and test SMART application prior to deployment of updates.

## **Benefits of Project Manager - Development**

- Knowledge Transfer and Retention
- Covering Retirements and Succession Planning
- Improved Project Delivery and Oversight
- Resource Capacity Planning
- Risk Mitigation
- Integrating Business Partners

A dedicated Project Manager (PM) boosts efficiency, manages resources, and ensures successful project delivery.

A PM is crucial for knowledge transfer, succession planning, and integrating business partners, which are vital for business continuity, especially with anticipated retirements and knowledge loss.

# QUESTIONS/ FUTURE TOPICS

#### ADJOURNMENT(R)

The meeting adjourned at \_\_\_\_\_\_ p.m.

Matthew King, Chair

# **Supplemental Materials**

- Technology Roadmap Financial Tracking
- Information Security Metrics
- Linea Identity Verification Practice Assessment Final Report (confidential)
- NASRA Fraud Training Survey Results (confidential)
- Project Manager IT Development Job Description (draft)

- Develop comprehensive project plans, timelines, and resource allocation strategies.
- Facilitate effective communication across cross-functional teams, including developers, QA, and business stakeholders. Regularly meets with development team to determine progress and address questions or challenges projects and.
- Identify potential risks, dependencies, and obstacles, implementing proactive mitigation strategies.
- Manage project budgets, partners with finance team on tracking expenses and variance reporting.
- Ensure adherence to development best practices, security protocols, and quality standards.
- Oversee testing (business unit, integration, UAT) and bug fixing process
- Drive continuous improvement by implementing lessons learned and optimizing project delivery processes.
- Provides monthly and quarterly reports to IT leadership regarding ongoing projects.
- Effectively communicate project issues and resolve problems/conflicts at all levels of the organization both internally and externally.
- Ensures the confidentiality, integrity, and security of all Personally Identifiable Information (PII) and Protected Health Information (PHI) data by strictly adhering to federal and state laws, regulations, polices, and best practices for data protection and access control.
- Other responsibilities as assigned.

#### Education, Skills, and Qualifications

- High School Diploma or G.E.D.;
- Project Management Professional designation, preferred, with
- Proven experience managing application development projects using Agile, Scrum, or other relevant methodologies.
- 7+ years of Development Project Manager experience with gradually increasing responsibilities and a demonstrated understanding of Project Management processes, artifacts, and tools.
- Strong technical background with a solid understanding of software development life cycles.
- Strong leadership skills with a focus on fostering collaboration, accountability, and trust.
- Ability to build and maintain ongoing, collaborative, working relationships with coworkers to achieve the goals
- Demonstrated strong attention to detail skills
- Ability to adapt to changing priorities and manage multiple projects simultaneously.
- Equivalent combination of education, skills, and experience

To perform this job successfully, an individual must be able to perform each essential duty satisfactorily. The requirements listed below are representative of the knowledge, skills, and abilities required.

#### Working Conditions

This role operates in a professional office environment and is subject to prolonged periods of sitting or standing at a desk and working on a computer. This role routinely uses standard office equipment such as computers, phones, photocopiers, filing cabinets and fax machines and may need to be able to lift up to 10 pounds at times. The noise level in the work environment is usually moderate. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Information Technology staff members are eligible to work remotely 2 days per week, after 30 days of employment. Remote working days are not guaranteed and subject to change based on organizational needs.

#### Competencies

**Focus on Service** - Employee demonstrates dedication to delivering service that meets or exceeds the needs and satisfaction of our members, retirees, employers, and fellow employees. Actions and decisions put the needs of the customer first. Establishes and maintains effective relationships with customers and seeks feedback to use for improvement.

**Accountability** - Takes personal responsibility for one's work in both successes and failures. Shows commitment and dedication in one's work. Follows through on all projects, goals, commitments made to others, and all other aspects of one's work. Consistently shows attention to quality, accuracy, and completeness of work activities. Uses failures as an opportunity to learn and grow. Attends work and arrives as scheduled.

**Collaboration** - Interacts with others in ways that demonstrate teamwork and cooperation. Builds partnerships and works collaboratively with others at all levels of the organization to achieve goals and support ONE SERS. Acknowledges others' contributions and considers their ideas without judgment. Focuses energy on working together to find solutions. **Inclusivity** - Able to work with many people with different backgrounds. Shows respect for individual differences, thoughts, and opinions of other team members and is supportive of new ideas and different perspectives shared by others. Seeks to understand through open communication and active listening.

**Adaptability** - Able to adjust to new or changing assignments, processes, people, and environments and easily consider new approaches. Strives to find efficient and innovative ways to overcome challenges and improve current processes and work products. Takes action on opportunities to improve. Embraces change and feedback in order to be more effective, efficient, and best serve our members, retirees, employers, and fellow employees. Shows dedication to positive thinking and forward momentum when facing challenges.

Disclaimer: This job description is not meant to be all-inclusive and the position itself is subject to change.
