

The New eSERS: Your Hotline to SERS

School Employees Retirement System of Ohio

Dec. 17, 2015

eSERS Upgrade Coming FY2017

Employer Services has been sending you periodic reminders over the past year about the impending eSERS upgrade, which will provide more efficiency in submitting contribution information to SERS.

Because the eSERS upgrade corresponds with structural upgrades being made to SERS' internal and external computer systems, and because our goal is to develop a useful system without introducing unnecessary operational risk by rushing the implementation, its launch has been moved to school year 2016 - 2017.

When the upgrade is fully functional, we will give you a launch date and start scheduling training sessions.

Thank you for your understanding and patience as we work to deliver a comprehensive solution.
