### Employer Web Administrator Registration

eSERS is SERS' secure intranet designated especially for our employers. This tool provides employers with an effective, time-saving way to submit and view financial and employee information online.

Each school district (employer) designates one individual to be the district's Employer Web Administrator (EWA). The role of the EWA is extremely important; the EWA is the contact person for eSERS issues and is responsible for maintaining the district's eSERS information. The EWA can authorize additional employees ("Web Users") to have access to eSERS, and also can unlock Web User accounts.

A Web User must be given authorization by the EWA through the Contacts/Web User Maintenance application, which can be accessed only by the EWA. The EWA decides which eSERS applications a Web User can access.
