The premium charts above reflect premium subsidies. If you do not qualify for a subsidy, you pay the full premium regardless of your years of service.

To receive a premium subsidy, you must have at least 20 years of qualified service credit or be receiving a disability benefit. In addition, at the time of retirement or separation from service, you must:

- Be eligible to participate in the health care plan of your last school employer, or
- Have been eligible to participate in the health care plan of your last school employer at least three of the last five years of service.
