**Request for Proposal – Real Estate Leasing Services  
Questions Submitted to OSERS**

**Question 1:** *What do they mean by Presentations in the Tentative Timeline section of the RFP?*

**Answer:** The term “Presentations” was included as a precautionary step. If necessary during the evaluation process, we may request formal presentations from respondents.

**Question 2:** **Clarify what "Provide technical assistance on the presentation of the Property for lease" in the RFP Scope of Services means (we're assuming this means using CoStar and Loopnet, but need clarification).**

**Answer:** Technical assistance refers to providing audio, video, and Wi-Fi support required for your presentations. Please note that we do not supply laptops or personal computers.
